SOCIOECONOMIC POLICY AND PLANNING PROGRAM

Outcome and Output Indicators 1 and 2

Performance Indicaror 1: **Percentage of Policy Recommendations Adopted**

2025 Target: **88%**
c/o All Staffs and NROs Concerned

Definition:

• This refers to the proportion of policy recommendations that were adopted by decision-makers – the President, the Cabinet, and the Congress. Policies refer to government decisions, courses of action, and positions on various concerns relating to DEPDev's mandate that are issued to respond to specific problems or concerns. Policies can be in the form of official pronouncement or statements, administrative orders, memorandum circulars, resolutions, implementing rules and regulations, and other related issuances. The term "adopted" refers to acceptance of policy recommendation, as manifested by its inclusion or incorporation in a policy issuance.
• This indicator measures the quality of analyses of development issues and policy alternatives provided to said decision makers.

Means of Verification:
• Analysis of the following documents against policy recommendations provided: proposed laws, enacted laws and their implementing rules and regulations; executive issuances (circular, orders, official pronouncement or statements, resolutions, memoranda for the President, policy briefs/ notes, and other related issuances)

Monitoring Mechanism:
• Policy recommendations approved by the Secretary
• Computed as = (Total number of policy recommendations adopted by decision makers / Total number of policy recommendations prepared and reviewed) x 100

Output Indicators

Performance Indicaror 1: **Percentage of requests for policy recommendations on socio-economic and development matters prepared or reviewed within the required date and/or time of completion**

2025 Target: **97%**
External Request c/o All Staffs and NROs Concerned

Definition:

• This refers to the proportion of total number of requests that were reviewed within seven (7) working days from date of receipt or within the date indicated by requesting party.
• This indicator measures the timeliness of conduct of short-term policy reviews. An increase of this indicator is a sign of progress on the provision of timely analyses of development issues and policy alternatives to decision-makers – the President, the Cabinet, and the Congress.
• Only those provided by DEPDev in Congressional hearings, inter-agency meetings, board meetings, inter-agency committee meetings) should be the ones counted and not mere attendance to hearings or meetings.
• Resolutions passed by committees where DEPDev serves as secretariat will not be counted as requests for policy recommendations
• External requests are requests coming from government offices or entities outside DEPDev. Internal requests are requests originating from within DEPDev units. To streamline the preparation of the report, only external requests shall be reported.

Means of verification:
• DEPDev Electronic Document Tracking System or logbook to determine date of acceptance of request and release of response; and
• Document analysis

Monitoring Mechanism:
• Accomplishments are integrated in the DEPDev Quarterly Physical Report of Operations (QPRO) which is submitted to DBM and COA as well as in the Office Performance Commitments.
• Computed as = (Total number of policy recommendations prepared/ reviewed within required date and/or time of completion / Total number of policy recommendations prepared and reviewed) x 100
